## PRICE LIST

SPRING 1933

In order to cut down expenses in keeping with the times we have decided not to print a 1933 Catalog but instead we are issuing this price list which will be effective until further notice is given. For descriptions of trees, flowers evergreens, shrubs, vines and roses please refer to our 1932 catalog. If you did not receive a 1932 catalog or have misplaced it we will be glad to mail you another upon receipt of your request. Ask us for special quotations on larger sizes of shade trees and evergreens not listed. Advise on landscaping requirements and estimates given free of charge.
